### PREPARATION COAT

#### SKIM COAT WHITE

#### FEATURES

- Easy to use
- Smooth finish
- Economical

Surface preparation ensures that the new layer will adhere well, which improves the durability of the coating & overall appearance of your finished work.

<b>DRYING TIME</b>	4 Hours (Sandable)	24 Hours	24 Hours
<b>AREA COVERAGE</b>	10-15 Ft <sup>2</sup> / Kg	1-1.4 m <sup>2</sup> / Kg	0.4-0.8 m <sup>2</sup> / Kg
<b>AVAILABILITY</b>	20Kg	1.75kg, 6kg, 18kg, 28kg	1L, 5L, 10L ,20L

#### NIPPOCOAT JOINT COMPOUND

- Excellent workability & adhesion to surfaces
- Exceptional filling properties
- Dries without sinking & cracking
- Easy to apply & sand

#### TEKOTE TEXTURE COATING

- Ready to use
- Wide range of 3D patterns & shapes
- Excellent mechanical properties

#### USEFUL PRODUCTS

**NIPPON PAINT CRACK FILLER**  
Fibreglass reinforced ready-to-use crack-filling compound

**NIPPON ANTI-FUNGAL SOLUTION**  
Long-term protection against fungus mould and mildew.

**WIRE-BRUSHES**  
High quality brushes designed to remove stubborn deposits.

#### FEATURES

Select the primer / sealer to prepare the wall surface for better top coat adhesion.

<b>DRYING TIME</b>	1 Hours	3 Hours	2 hours	2 Hours	2-4 Hours	2-4 Hours	1 Hours
<b>AREA COVERAGE</b>	11 m <sup>2</sup> / litre (30 μ DFT)	8 m <sup>2</sup> / litre (35 μ DFT)	14 m <sup>2</sup> / litre (30 μ DFT)	9-12 m <sup>2</sup> / litre (35 μ DFT)	10-15 m <sup>2</sup> / litre (35 μ DFT)	10-15 m <sup>2</sup> / litre (35 μ DFT)	10-12 m <sup>2</sup> / litre
<b>AVAILABILITY</b>	1L, 5L, 10L, 20L	1L, 4L, 10L, 20L	1L, 4L, 10L, 20L	1L, 4L, 10L, 20L	1L, 4L, 10L, 20L	1L, 4L, 10L, 20L	1L, 4L, 10L, 20L

#### EXPRESSKOTE ALKALI RESISTANT PRIMER

- Excellent effloresce & alkali resistance
- Minimizes the occurrence of hairline cracks
- Prevents chalking
- Cost effective, Time saving & labour saving

#### ELASTOMERIC CRACK BRIDGING WALL PRIMER

- Flexible
- Covers hairline cracks
- Excellent bonding
- Good Elongation properties on temperature fluctuations

#### VINILEX 2000 WALL SEALER

- Outstanding alkaline resistance
- Anti-Fungus and algae resistance
- Excellent effloresce resistance
- Easy Application

#### ALKALI RESISTANT PRIMER

- Excellent Alkali Resistance
- Excellent Efflorescence Resistance
- Easy Application

#### ACRYLIC WALL FILLER EXTERIOR

- Excellent filling properties
- Hides surface imperfections
- Fungus resistant

#### ACRYLIC WALL FILLER

- Excellent filling properties
- Hides surface imperfections
- Fungus resistant

#### NIPPON EXTERIOR SEALER

- Improves inter-coat adhesion
- Algae resistance
- Weather resistance
- Alkali resistance
- Long-term protection

#### FEATURES

Topcoats are the final finishing coats. They are formulated to provide good adhesion to the undercoat, the desired appearance, decorative or protective finish.

<b>DRYING TIME</b>	2 Hours	2 Hours	2 Hours	2 Hours	2 Hours	2 Hours	2 Hours	2 Hours
<b>AREA COVERAGE</b>	6 m <sup>2</sup> / litre (70 μ DFT)	13 m <sup>2</sup> / litre (30 μ DFT)	15-17 m <sup>2</sup> / litre (35 μ DFT)	15-17 m <sup>2</sup> / litre (35 μ DFT)	17-20 m <sup>2</sup> / litre (30 μ DFT)	18-21 m <sup>2</sup> / litre (40 μ DFT)	12-15 m <sup>2</sup> / litre (30 μ DFT)	13 m <sup>2</sup> / litre (30 μ DFT)
<b>AVAILABILITY</b>	1L, 5L, 10L, 20L	1L, 5L, 10L, 20L	1L, 5L, 10L, 20L	1L, 5L, 10L, 20L	1L, 4L, 10L, 20L	1L, 4L, 10L, 20L	1L, 4L, 10L, 20L	4L/ 2L

#### MEDIFRESH 3IN1 Anti-bacterial paint

- Excellent Washability
- Covers Hairline Cracks
- Excellent Water Resistance
- Non Toxic, No Lead and Mercury
- Excellent Water Proofing (for Vertical Walls)

#### EASY WASH Premium Washable Paint

- Repels Stains And Blocks Dirt
- Low Odour
- Resists Fungus Growth
- Covers Hairline Cracks

#### ODOUR~LESS PAINT Almost no paint odour

- Almost No Paint Odour
- Anti-Fungus
- Washable
- Low VOC

#### VINYL SILK Luxurious Silky Shades

- High Coverage
- Resists fungus growth
- Excellent adhesion

#### VINILEX 5000

- Low odour
- Long lasting colors
- Good coverage
- Easy to apply
- Resistance to alkali & fungi

#### NIPPON INTERIOR EMULSION

- Low sheen finish
- Washable & fungi resistant
- Excellent coverage
- Fashionable colours

#### BREEZE INTERIOR EMULSION

- Smooth finish
- Good coverage and hiding

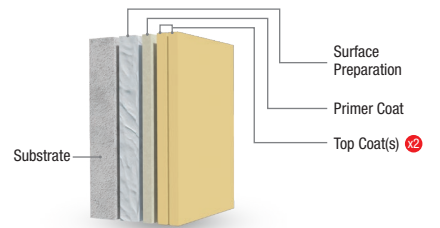

#### NIPPON PAINT MATEX

- Resists deterioration by fresh cement
- Anti-fungus property
- Good coverage and Hiding

(Actual coverage will depend on the application method and the surface conditions.)

## Interior Coating Systems

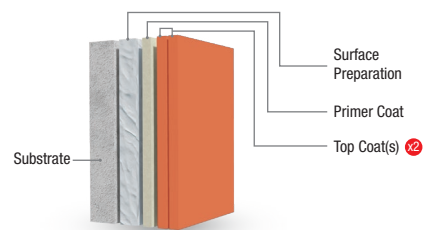

### INTERIOR COATING SYSTEM - 01

<b>OPTION 01</b>	Surface Prep. Nippon Skim Coat / Nippo Coat
	Primer Coat Nippon Paint Acrylic Wall Filler
	Top Coat Nippon Paint Martex 2 Coats
<b>OPTION 02</b>	Surface Prep. Nippon Skim Coat / Nippo Coat
	Primer Coat Nippon Paint Acrylic Wall Filler
	Top Coat Nippon Breeze Interior 2 Coats

Economical grade emulsion for general areas. Cost-efficient application.

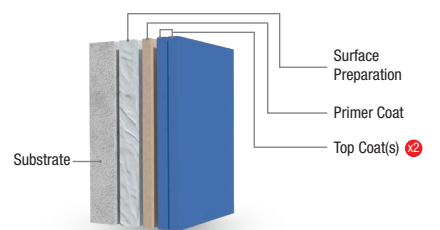

### INTERIOR COATING SYSTEM - 02

<b>OPTION 01</b>	Surface Prep. Nippon Skim Coat / Nippo Coat
	Primer Coat Nippon Paint Acrylic Wall Filler or Nippon Vinilex 2000
	Top Coat Nippon Interior Emulsion 2 Coats or Nippon Vinilex 5000 2 Coats
<b>OPTION 02</b>	Surface Prep. Nippon Skim Coat / Nippo Coat
	Primer Coat Nippon Vinilex 2000
	Top Coat Nippon Paint Vinyl Silk 2 Coats

Standard Quality low & mid sheen emulsion. It lasts for most internal walls. A smooth and gentle emulsion finish enhances the sophisticated image of all modern homes.

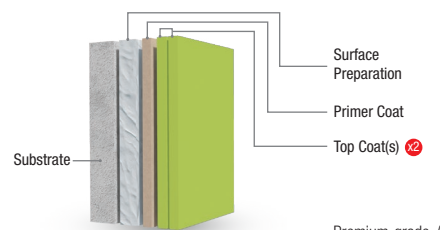

### INTERIOR COATING SYSTEM - 03

<b>OPTION 01</b>	Surface Prep. Nippon Skim Coat / Nippo Coat
	Primer Coat Nippon Paint Vinilex 2000
	Top Coat Nippon Paint Easy Wash 2 Coats

Feature Paint Category. Acrylic-based, environmentally friendly materials. Easy application. Excellent washability, stain, fungus and alkali resistance.

### INTERIOR COATING SYSTEM - 04

<b>OPTION 01</b>	Surface Prep. Nippon Skim Coat / Nippo Coat
	Primer Coat Nippon Paint Vinilex 2000
	Top Coat Nippon MediFresh 3in1 2 Coats
<b>OPTION 02</b>	Surface Prep. Nippon Skim Coat / Nippo Coat
	Primer Coat Nippon Paint Vinilex 2000
	Top Coat Nippon Odourless Paint 2 Coats

Premium-grade, Acrylic-based paints, Medifresh 3in1 antibacterial paint for better hygiene and health. Covers existing and potential hairline cracks. Low VOC, Odourless paint has almost no paint odour during and after painting.

## Roof & Ceiling Coats

**ANTI-MOULD CEILING WHITE**  
Formulated with anti-mould properties, giving protection against most species of mould.

**NIPPON ROOFING PAINT**  
Durable anti-flaking water resistant Roofing Paint with excellent color retention. Withstands extremely harsh tropical weather.

# Exterior Coating Systems

## EXTERIOR - 3 COATS SYSTEM - 01

Substrate

Primer Coat

Top Coat(s)

OPTION 01	Primer Coat	Crack Bridging Elastomeric Wall Primer
	Top Coat	Nippon Weatherproof 2 Coats

General Grade category.\* Consist with SLS certification. Covers hairline cracks

OPTION 02	Primer Coat	Nippon Paint Vinilex 2000
	Top Coat	Nippon Paint Walkleen 2 Coats

## EXTERIOR - 3 COATS SYSTEM - 02

Substrate

Primer Coat

Top Coat(s)

SYSTEM	Primer Coat	Nippon Vililex 2000
	Top Coat	Weatherbond Advance 2 Coats

High-performance emulsion-based paint that possesses superior exterior durability. Anti-algae, Anti-fungi & anti-carbonation properties with Heat Ban Technology.

## EXTERIOR - 3 COATS SYSTEM - 03

Substrate

Primer Coat

Top Coat(s)

SYSTEM	Primer Coat	Crack Bridging Elastomeric Wall Primer
	Top Coat	Nippon Aquaproof 7in1 2 Coats

Acrylic-based with superior elasticity that can cover existing and potential hairline cracks. Excellent waterproofing for vertical walls.

SYSTEM	Primer Coat	Crack Bridging Elastomeric Wall Primer
	Top Coat	Nippon DuraFresh Solo 2 Coats

Durafresh Solo available as Self Priming Top Coat & can be apply as a primer coat with 50% dilution

## EXTERIOR - 4 COATS SYSTEM - 01

Substrate

Primer Coat

Mid Coat

Top Coat(s)

SYSTEM	Primer Coat	Nippon Alkali Resistant Primer
	Mid Coat	Crack Bridging Elastomeric Wall Primer
	Top Coat	Nippon Exterior Emulsion 2 Coats

General standard category, with SLS certification consisting of Alkali resistance properties. It covers hairline cracks.

## EXTERIOR - 4 COATS SYSTEM - 02

Substrate

Primer Coat

Mid Coat

Top Coat(s)

SYSTEM	Primer Coat	Expresskote Sealer
	Mid Coat	Crack Bridging Elastomeric Wall Primer
	Top Coat	Weatherbond AlageGuard 2 Coats

High-performance emulsion-based paint that possesses superior exterior durability. Anti-algae/fungi & anti-carbonation properties. The coating system itself has alkali resistance properties. It covers hairline cracks.

## EXTERIOR - 4 COATS SYSTEM - 03

Substrate

Primer Coat

Mid Coat

Top Coat(s)

SYSTEM	Primer Coat	Expresskote Sealer
	Mid Coat	Crack Bridging Elastomeric Wall Primer
	Top Coat	Nippon Aqua Proof 7in1 2 Coats

Acrylic-based with superior elasticity that can cover existing and potential hairline cracks. Excellent waterproofing for vertical walls.

## EXTERIOR - 4 COATS SYSTEM - 04

Substrate

Primer Coat

Mid Coat

Top Coat(s)

SYSTEM	Primer Coat	Expresskote Sealer
	Mid Coat	Crack Bridging Elastomeric Wall Primer
	Top Coat	Weatherbond Advance 2 Coats

High-performance emulsion-based paint that possesses superior exterior durability with Heat Ban Technology. Anti-algae/fungi & anti-carbonation properties. The coating system itself has alkali resistance properties. It covers hairline cracks.

## EXTERIOR - 5 COATS SYSTEM - 01

Substrate

Primer Coat (1st Coat)

Mid Coat (2nd Coat)

Mid Coat (3rd Coat)

Top Coat(s)

SYSTEM	Primer Coat	Expresskote Sealer
	Mid Coat 1	Crack Bridging Elastomeric Wall Primer
	Mid Coat 2	Vinilex 2000
	Top Coat(s)	Weatherbond AlageGuard 2 Coats

High-performance emulsion-based paint that possesses superior exterior durability. Anti-algae, Anti-fungi and anti-carbonation properties. The coating system itself has alkali resistance properties and covers hairline cracks.

## EXTERIOR - 5 COATS SYSTEM - 02

Substrate

Primer Coat (1st Coat)

Mid Coat (2nd Coat)

Mid Coat (3rd Coat)

Top Coat(s)

SYSTEM	Primer Coat	Expresskote Sealer
	Mid Coat 1	Crack Bridging Elastomeric Wall Primer
	Mid Coat 2	Crack Bridging Elastomeric Wall Primer
	Top Coat(s)	Weatherbond AlageGuard 2 Coats

High-performance emulsion-based paint that possesses superior exterior durability. Anti-algae, Anti-fungi and anti-carbonation properties. The coating system itself has alkali resistance properties and waterproofing ability. It covers hairline cracks.

## EXTERIOR - 5 COATS SYSTEM - 03

Substrate

Primer Coat (1st Coat)

Mid Coat (2nd Coat)

Mid Coat (3rd Coat)

Top Coat(s)

SYSTEM	Primer Coat	Expresskote Sealer
	Mid Coat 1	Crack Bridging Elastomeric Wall Primer
	Mid Coat 2	Crack Bridging Elastomeric Wall Primer
	Top Coat(s)	Weatherbond Advance 2 Coats

High-performance emulsion-based paint that possesses superior exterior durability with Heat-Ban Technology Anti-algae, Anti-fungi and anti-carbonation properties. The coating system itself has alkali resistance properties. It covers hairline cracks.

## EXTERIOR - 5 COATS SYSTEM (WITH TEXTURE COATING)

Substrate

Primer Coat (1st)

Texture Coat (2nd)

Primer Coat (3rd)

Primer Coat (4th)

Top Coat(s)

SYSTEM	Primer Coat	Expresskote Sealer
	Mid Coat 1	Nippon TexKote Texture Coating
	Mid Coat 2	Vinilex 2000
	Mid Coat 3	Crack Bridging Elastomeric Wall Primer
	Top Coat	Weatherbond AlageGuard 2 Coats

3D Textured High Performance Acrylic Coating, superior exterior durability. Anti-algae, Anti-fungi and anti-carbonation properties.

# NIPPON PAINT THE COATINGS EXPERT

## Coating Systems Decorative Interior & Exterior

A: Roof & Gutters, B: Ceiling Paint, C: Wooden Ceiling, D: Interior Walls, E: Special Effects, F: Exterior Wooden Furniture  
G: Floor Coatings, H: Wooden Floors, I: Indoor Furniture, J: Exterior Walls, K: Waterproofing, L: Protective Coatings

## Royal Stone Texture Coat

Substrate

Primer Coat

Mid Coat

Top Coat(s)

SYSTEM	Primer Coat	Expresskote Sealer
	Mid Coat 1	Crack Bridging Elastomeric Wall Primer
	Mid Coat 2	Vinilex 2000
	Top Coat(s)	Weatherbond AlageGuard 2 Coats

High-performance emulsion-based paint that possesses superior exterior durability. Anti-algae, Anti-fungi and anti-carbonation properties. The coating system itself has alkali resistance properties and covers hairline cracks.

## Roof & Ceiling Coatings

Substrate

Surface Preparation

Primer Coat

Top Coat(s)

SYSTEM	Surface Prep.	Nippon Skim Coat / Nippo Coat
	Primer Coat	Nippon Paint Vinilex 2000
	Top Coat	Anti-Mould Ceiling White 2 Coats

Nippon Anti-Mould Ceiling White is an environmentally favourable green product formulated with anti-mould properties, protecting against most species of mould. It is formulated for ceilings, especially damp areas such as the kitchen, bathroom and areas around air-conditioners

## COATING SYSTEM FOR ROOF

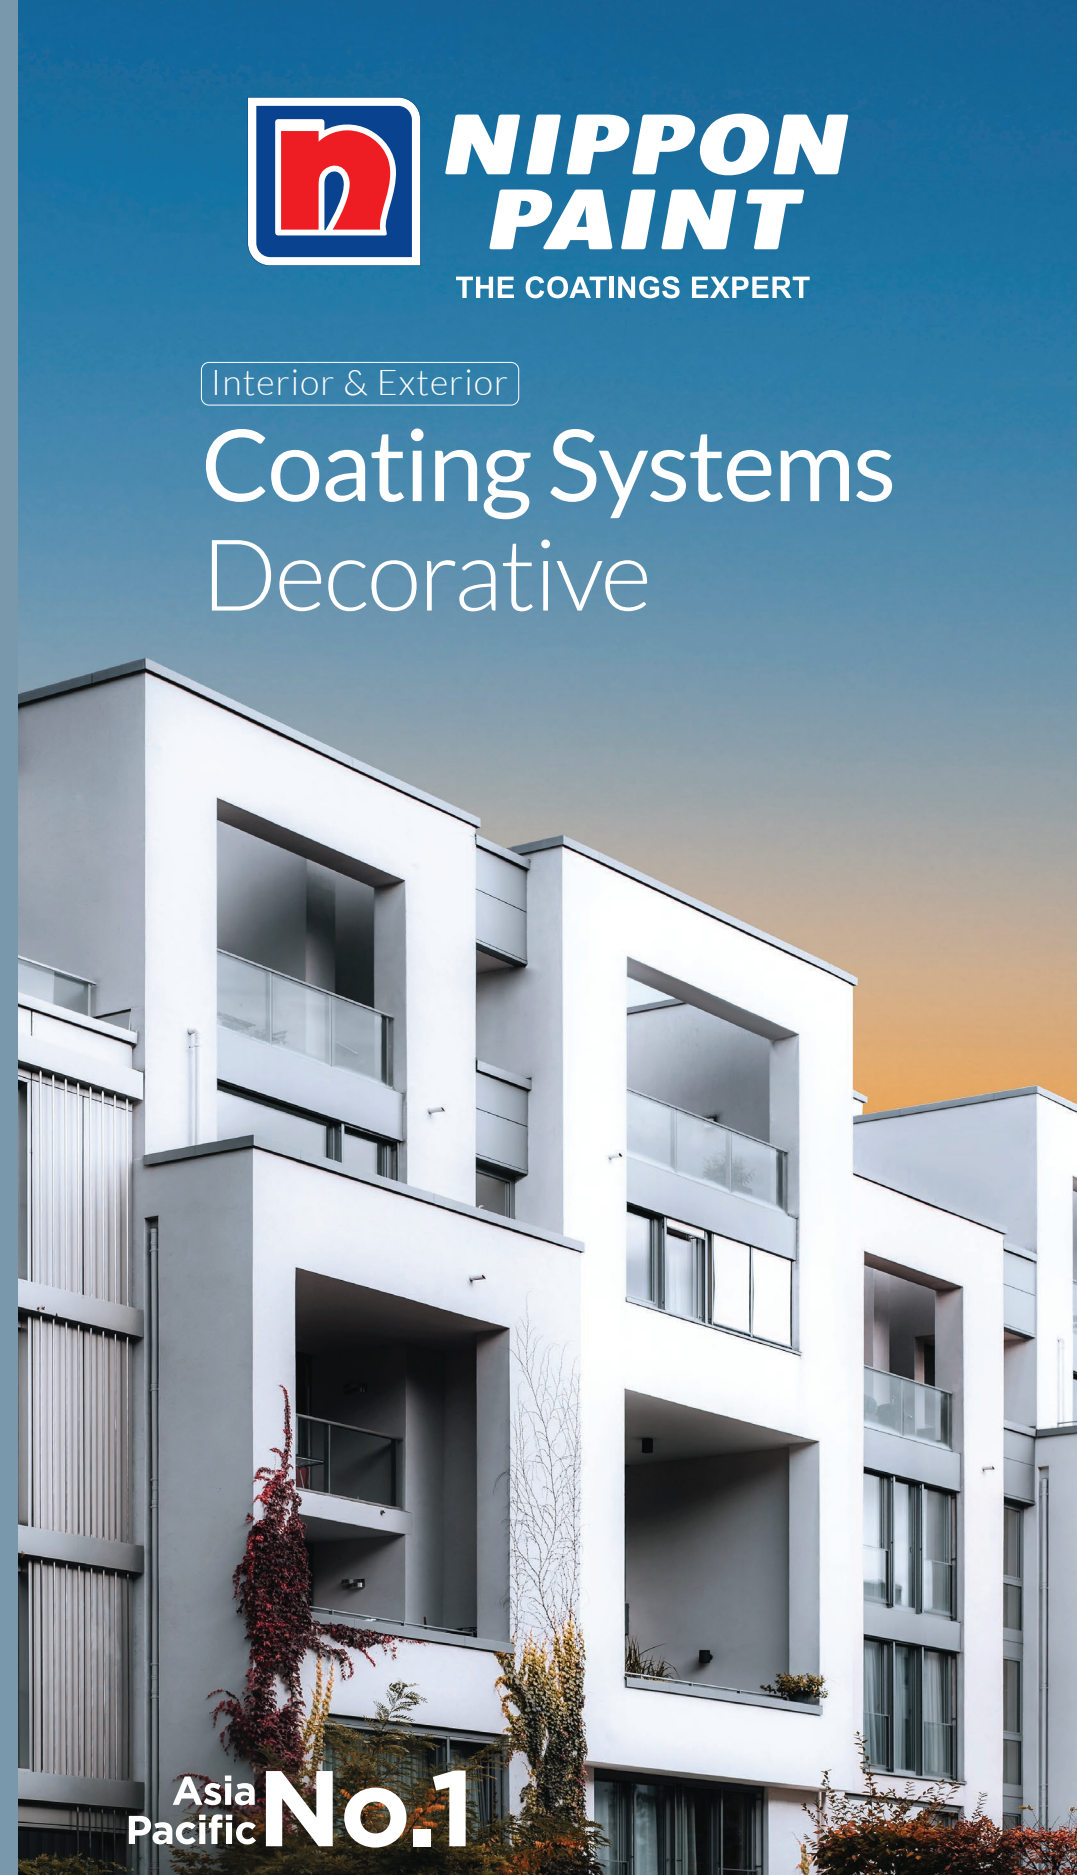

Substrate

Primer Coat

Top Coat(s)

SYSTEM	Primer Coat	Nippon Exterior Sealer
	Top Coat	Nippon Roofing Paint 2 Coats

Recommended for clay roofing tiles, Asbestos, Cement tiles. Coatings withstand harsh tropical conditions whilst making the surface look better & durable. Does not flake off & fade due to tough tropical weather conditions.
